"From hula to rock and roll, belly dance to square dance, tango to Polish polka, Borgerson and Schroeder provide a treasure trove of information, research, and warm memories!"

—**ANTHONY SHAY**, Professor of Dance and Cultural Studies, Pomona College

"Dance music LPs of all styles and nationalities were prized possessions in my family's home, and this cover collection reminds me of the infectious sounds streaming from the record console and the joyful music that filled the air with happiness."

—**STEVEN HELLER**, cochair MFA Design, School of Visual Arts, New York

"Midcentury Americans sure did love that living-room shimmy. This beautifully illustrated compendium reveals the long-forgotten cosmopolitanism and playfulness of Cold War America. It also makes you want to dance. Who could ask for more?"

—**FRED TURNER**, author of *The Democratic Surround: Multimedia and American Liberalism from World War II to the Psychedelic Sixties*
